

CS Lambswool Pad White S Edge

Lambswool Pad

V01
03/2020

:: CHARACTERISTIC

The Lambswool Pad White S Edge is made of 100% Australian lambskin and has turned-in edge up to 90%, forming a protective armour of lambswool that protects the surface from contact with the backing pad or sharp edges. The turned-in edge forms an edging on the backside which perfectly fixes the backing pad.

:: APPLICATION

Designed for polishing strong curves, narrow edges and hard-to-reach areas e.g. entrance areas, window frame, roof pillar etc.

:: PRODUCT DATA

Technical data

Material: 100% Australian lambskin
Diameter: 80mm
Height: 17mm

:: SAFETY ISSUES

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, expect we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery terms and conditions and the latest Technical Data Sheet, which should be demanded, apply.

Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.
